What time is it? Time to check out these clocks and watches from the Sharper Vision Store!

Giant View Clock (White) **\$30.00**

The Giant View Clock has a square black or white face with black or white 1.75-inch numbers. Uses one AA battery (included). Measures 10 x 10 inches and is designed to stand on a desk, table or countertop. TL200

Wall Clock with Black Face **\$27.50**

This 15-inch wall clock features extra-large 1-1/2 inch white numbers on a 13-inch diameter face. Also features a second hand, step movement and glass cover. TL109A

Large Night Light Wall Clock **\$45.00**

The 12-inch Large Night Light Wall Clock is a silent battery-operated wall clock great for the living room, kitchen or bedroom. The large digital display and adjustable brightness make it easy to read during both day and night. TT110

Large Print Wall Clock **\$25.00**

This 14-inch wall clock features extra-large 1-1/2 inch black numbers on a 13-inch diameter face. Also features a second hand, step movement and glass cover. TL103A

Talking Travel Clock

\$13.50

The Talking Travel Clock folds closed to protect the setting buttons from accidental changes. This clock is small enough to fit in your pocket and the cover folds back to form a stand. The talking button is easy to push and the clock will state the time in a clear voice. TT206

Talking Key Chain Clock

\$14.00

The Talking Keychain Clock is ideal for life on the go, displaying and announcing the time in English in a clear voice. This clock also has an alarm that states the time. TT211

Talking Key Chain Clock – Spanish

\$14.00

This Talking Keychain Clock displays and announces the time in Spanish in a clear voice. The clock also has an alarm that states the time. TT211S

Talking Time & Date Keychain Clock

\$25.00

This lightweight talking keychain clock announces the time and date. Perfect for people on the go! One push of the button and a male voice announces the time, and a second push announces the date. The clock has an alarm with voice-guided instructions. TT212

Talking Atomic Clock with Indoor & Outdoor Temperature. \$60.00

This stylish Atomic Alarm Clock is self-setting, so you don't have to worry about resetting with every battery change or at the start or end of daylight saving time. Provides verbal feedback during the setup process and speaks the time, date, and indoor and outdoor temperature. TT550

LED Large Print Clock Red \$27.50

This electric alarm clock has a uniquely loud alarm for deep sleepers. It has bright red numbers that are clearly displayed during day or night. This clock also features a time-of-day indicator and a backup battery that will keep the time in case of a power outage. TL300-Red

3-in-1 Talking Super Cube Clock \$38.50

Practicality meets fun with this Talking Super Cube. With a press of the button on top, it announces the time and date in a male voice. The super cube also features a timer function. TT230

Pyramid Talking Clock \$22.00

The Pyramid Talking Clock announces the time when the top button is pressed. For the daily alarm feature, choose between a crowing noise and a loud signal. The setting features are on the underside of the clock, making it less likely to accidentally reset. TT105A

Talking Atomic Watch - High Contrast

\$65.00

This high contrast watch has bold white numbers and hands on a black background. It will keep the correct time and update automatically. It has a clear male voice that will speak both time and date, and a daily alarm. The face is 1.2 inches wide and comes with a black expansion band. TT510

Digital Talking Atomic Watch

\$40.00

This lightweight, high contrast watch features an easy-to-find green "talking" button and speaks in a male voice from the underside of the watch. It features a daily alarm, runs in either 12- or 24-hour time, and has an hourly chime option. The multi-band atomic receiver can automatically set the time within the US and the UK. TT404

Square Face Talking Watch

\$14.00

A speaker on the face of this silver-colored watch makes it louder and clearer. The mode button is recessed, so that it cannot be accidentally activated or reset in error. It has an alarm and hourly announcements. Speaks in military time in addition to AM and PM time. TT408

Spanish Speaking Watch

\$13.50

This sleek and lightweight black 4 button Spanish speaking watch with a plastic wristband announces the time in a clear and loud female voice. TT418SP
