

Sharper Vision Store 2020 Catalog

Wisconsin Council of the
Blind & Visually Impaired

Since 1952, the Wisconsin Council of the Blind & Visually Impaired has made a difference in the lives of people experiencing vision loss. Through vision services, legislative advocacy and educating the general public, the Council continues to promote the dignity and empowerment of people living with vision loss.

Throughout this catalog, you will find adaptive products to keep you active, engaged and organized. Some of the products help you accomplish tasks at

home such as bump dots for your kitchen appliances or extra-long oven mitts. Others help you try or maintain a hobby, such as fishing or sewing. Magnifiers can enable you to read menus in restaurants or look at photos of family and friends.

If you or a loved one lives with vision loss, contact the Council to learn how we can work with you. Council staff provide one-on-one support so you can keep doing the things that make you feel fulfilled.

Visit the Sharper Vision Store at 754 Williamson Street in Madison to browse products that may enhance your life. Products are identified with audio, braille and large print tags, so you can shop by yourself or with family members. Council staff can help you select the products that are best for you, and can show you how to use and apply them in your daily life. If you can't make it to our store, visit us online at **WCBlind.org/store** or call **1-800-783-5213** for assistance.

We hope that you find us a valuable partner on this vision journey.

Sincerely,

A handwritten signature in black ink that reads "Denise". The signature is fluid and cursive.

Denise Jess
Council CEO/Executive Director
Wisconsin Council of the Blind & Visually Impaired

Aluminum 4-Section Folding Mobility Cane

This four-section Ambutech folding cane is made of heavy gauge aluminum and covered with a Scotchlite material. The rubber golf grip handle has one flat side for comfort and control. Available in 30- to 54-inch lengths. Please specify the length you are requesting when you order. WCBVI highly recommends orientation and mobility training for any new cane user.

C203 *Specify Length

\$24.00

Aluminum 5-Section Folding Mobility Cane

This five-section Ambutech folding cane is made of heavy gauge aluminum and covered with Scotchlite material. The rubber golf grip handle has one flat side for comfort and control. Available in 44- to 60-inch lengths. Please specify the length you are requesting when you order. WCBVI highly recommends orientation and mobility training for any new cane user.

C204 *Specify Length

\$24.00

We also carry support, identification and rainshine canes, as well as graphite mobility canes. Note that standard canes come with a pencil tip. Read the Council's Free White Cane Policy on page 6.

Ambutech Marshmallow Rolling Tip

This marshmallow roller tip offers enhanced tactile transmission. Used with the constant contact mobility technique. Made from ultra-high molecular weight polyethylene to last longer than a regular tip. Please indicate hook-in or slip-on on order.

C412 *Specify Hook or SlipOn \$9.00

Ambutech Rolling Ball Tip

This large two-inch diameter rolling ball tip has an encased roller bearing for greater sensitivity and visibility. This durable and lightweight tip is ideal for use with the constant contact mobility technique. It easily handles many obstacles and pavement cracks. Please specify hook-in or slip-on on order.

C414 *Specify Hook or SlipOn \$8.00

Ambutech Marshmallow Tip

This large cane tip is useful on sidewalks or when it has snowed, because the large size does not allow the tip to get stuck in pavement cracks and is heavy enough to push through snow. Used with the two-point touch mobility technique. A cylindrical shaped nylon tip with a 1 inch diameter.

C410 *Specify Hook or SlipOn \$3.50

Consider supporting WCBVI's White Cane Fund by making a donation at WCBlind.org.

Free White Cane Policy

The Wisconsin Council of the Blind & Visually Impaired is proud and privileged to be able to provide white canes to help blind and/or visually impaired residents of Wisconsin empower themselves. Any Wisconsin resident who is blind or visually impaired in need of a new white cane is eligible for one free cane every 24 months. Our program does not receive any publicly funded money; all of our canes are provided through generous donations to our White Cane Fund.

There are two exceptions to our 24-month policy.

1. Those who are under the age of eighteen, or have not yet graduated from high school (but still under the age of 21), may be eligible to receive a free white cane when the student has a rapid growth spurt, making the current cane no longer an appropriate length. When this occurs, the student's mobility instructor should send a recommendation to the Council requesting a new cane and its length.

2. Individuals may be eligible to receive a replacement white cane at our discretion under special circumstances, such as a defective cane or damage to the cane that is not due to the user's error.

New cane users are eligible to receive a backup cane at half the retail cost, if purchased within the first two years of receiving their first white cane.

Free white canes which are available include Ambutech aluminum rigid and folding mobility canes, Ambutech folding I.D. canes, Ambutech rigid and folding support canes, and rigid Rainshine canes. The cost for these canes is \$24, and the \$24 allowance may also be used towards a special ordered cane or cane tips.

A person whose functional vision loss impairs safe movement through the environment is eligible for a cane. WCBVI reserves the right to request additional information about vision loss, such as a doctor's certification of visual impairment or photo identification, if we feel the policy is being abused.

The Wisconsin Council of the Blind & Visually Impaired is not liable for any injuries or harm that may occur as the result of receiving a white cane from our organization. We strongly encourage all white cane users to receive training from a certified orientation and mobility instructor before using a cane. We can help find that training.

Call **1-800-783-5213** or **608-255-1166** to check if you qualify for a free white cane.

Big and Bold Thermometer

This large print, outdoor thermometer can be hung near the garage door or on a fence. It displays the temperature in both Fahrenheit and Celsius for easy reading.

HG142

\$11.50

Big Button Universal TV Remote

The Big Button TV remote features extra-large buttons and controls up to five devices, including TV, VCR, cable, satellite, and auxiliary. The simplified keypad layout and lighted buttons make this remote easy to use. Includes instructions for programming. Remote measures 9.5 x 2.5 x 1.25 inches and weighs 7.5 ounces.

HG210

\$25.00

PenFriend 2 Audio Labeler

The PenFriend 2 creates audio labels for any item on which a sticker label is applied. It can record 125 hours, has 4GB of memory, and high contrast yellow buttons. Recording is easy with a simple on/off mechanism. It comes with 127 colored labels and 10 magnetic badges which are perfect for labeling canned goods, making notes or lists, or marking food items.

HL670

\$150.00

Panasonic Cordless Telephone with Talking Caller ID

The Panasonic DECT 6.0 cordless phone has a high contrast backlit keypad, and a 1.6 inch backlit display. Talking caller ID announces incoming names and numbers in English or Spanish. This phone comes with an answering machine to record your missed calls.

HC252

\$75.00

Big Button Telephone

This corded telephone has an oversized keypad. There are three one-touch buttons and ten speed dial buttons that can be programmed. This telephone is hearing aid compatible, has volume control and a small visual ring indicator that flashes as the phone rings.

HC242

\$45.00

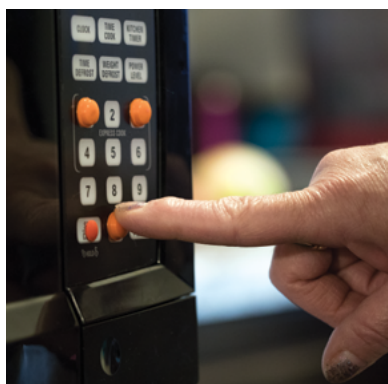

Handheld Mattingly Monocular (Distance Viewing)

The Mattingly monocular has a field of vision of 9.5 degrees and a close focus of 9.75 inches. Strengths available: 4X12 (MM152), 6X16 (MM202), 8X20 (MM248), 10X25 (MM309).

MM202 (6X16)

\$60.00

Bump-Ons Day-Glo

Label electronics buttons, calculators, light switches, security systems and many more items with these subtle, tactile bumps. Each tactile marker is self-adhesive, so a user can simply apply them where needed. Comes in a pack of 25 bright orange dots. Other colors are available online and in-store.

HL106 (Orange)

\$5.50

Yaktrax

Yaktrax are designed to stretch over the bottom of your shoes or boots to provide extra traction when walking on snowy surfaces. The pair of two are abrasion-resistant with 1.2 mm steel coils and a spikeless design.

HP150

\$25.00

Date & Time

Talking Keychain Clock

The Talking Keychain Clock is ideal for life on the go, displaying and announcing the time in a clear voice. This clock also has an alarm which states the time when it rings. Available in English or Spanish.

TT211 and TT211S **\$12.50**

Talking Atomic Watch and Calendar

There is no need to set this Talking Atomic Watch because it sets itself against a national standard. This watch features a male voice that recites the date and time, and an alarm. The hour and minute hands are bold and black against a white background.

TT500 **\$55.00**

Digital Talking Watch

This lightweight watch features an easy to find green "talking" button with the speaker on the face. It features a daily alarm, runs in either 12- or 24-hour time, and has an hourly chime option. The plastic watch band is 9 inches long from band buckle to the end of the band.

TT401 **\$12.50**

Talking Atomic Clock

This Talking Atomic Clock resets itself for Daylight Savings Time. A clear female voice guides you through set up. Button on top announces time and date. It has two volume levels. It also features an LCD screen with large numbers for the time, date and day.

TT450 **\$47.50**

The Sharper Vision Store sells batteries for items purchased in our store. There is a \$5 charge to replace a watch battery.

Braille Watch

The chrome braille watch features a silver face with numbers in black. The gold braille watch features a gold face with numbers in black. The watch crystal opens at 6 o'clock. There are three dots at 12 o'clock, two dots at 3, 6, and 9 o'clock, and one dot at all other hours.

TB103 (Large Chrome) \$50.00

TB104 (Large Gold) \$55.00

TB203 (Small Chrome) \$50.00

TB204 (Small Gold) \$55.00

Talking Watch

This talking one-button watch is among the easiest watches to use. Users have a choice between a male or female voice. The watch offers alarm and chime functions. The white dial provides high contrast and the gold or silver tone expansion band guarantees you can wear this watch comfortably.

TT415 (Large Gold) \$43.50

TT412 (Small Gold) \$43.50

TT410 (Small Silver) \$43.50

Giant View Clock

The Giant View Clock has a square black or white face with black or white 1.75 inch numbers. Uses 1-AA battery (included). Measures 10 x 10 inches and is designed to stand on a desk, table or countertop.

TL200 (White) \$27.00

TL201 (Black) \$27.00

Large Print Wall Calendar

This calendar is easy to see from a distance. The dates are printed in a large bold font in each 3-inch by 2-inch square. It can be hung on a wall at home or in the office.

CB600 **\$5.00**

Large Folding Wall Calendar

See the day at a glance — even from across the room! With bold 0.75 inch tall letters, this 17.5 tall x 22.5 inch wide calendar has lots of room to write in appointments and reminders. Folds across middle with calendar spanning top and bottom of page. Features U.S. holidays, religious celebrations and more.

CB605 **\$14.50**

Big Print Desk Calendar

The 8.5 inch by 11 inch desk calendar has 2 x 2-inch squares, giving ample room to write information. The months are tabbed for easy access. The calendar is spiral-bound and has pockets for saving receipts and other notes. Each month spans across two pages to maximize space available for notes on each day.

CB610 **\$12.50**

“A nice little shop where you can find things that are really helpful, including easy-to-read calendars and clocks, and all kinds of magnifiers. The staff are all very warm, helpful, friendly, and welcoming. I highly recommend that you visit this place to shop for yourself or for gifts, and that you support them for the services they offer.”
— Anna H.

Braille Playing Cards

These standard size plastic playing cards feature both regular print and Braille. These cards enable both sighted and visually impaired users to enjoy card games.

RT401

\$7.50

Tactile Dice

Tactile Dice come in a set of two and feature raised dots. The number rolled on the die is indicated by the amount of dots on the upward face.

RT206

\$5.00

Braille Uno Card Game

These Braille UNO cards make it accessible for all players while keeping the classic look for sighted players. No matter age or vision, UNO is now playable by anyone.

RT101

\$18.00

Hoyle Super Jumbo Playing Cards — Bridge Size

These bridge-sized playing cards have numbers and suit symbols that are 1-inch tall. The number and suit shown on the cards are both very large for easy identification. Bridge cards are slimmer and easier to hold.

RL404

\$3.50

“Great experience. Staff took the time to listen to our needs and explain the products! Will most certainly be back!”

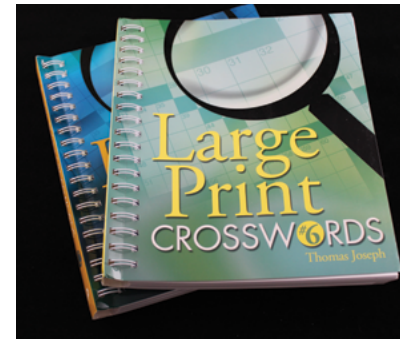

— Kris K.

Large Print Crosswords

We offer volumes one through eight of this spiral bound book. This popular item features 125 large print puzzles with generously sized grids. Each puzzle has a high-contrast grid on one page with clues on the facing page.

BL440

\$15.00

EZ See Low Vision Cards

Cards are standard Bicycle playing cards with jumbo-sized markings. Color combinations make them easier to see. Hearts have large and small numbers and suits in red; spades are black; diamonds are red and green; clubs are black and blue.

RL435

\$6.00

EZC Playing Cards

These large print playing cards are the color of the suit. Diamond and heart cards are completely red, and club and spade cards are all black. Numbers and suit symbols are white and are 1.5 inches long for easy identification.

RL410

\$6.00

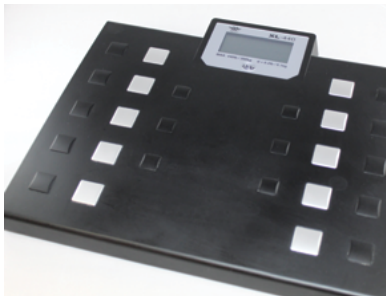

Search & Find

This word search puzzle features 56 different puzzles in a 16-point font.

BL435

\$3.50

Superior Talking Scale

The Superior Talking Scale is accurate to within 1% of actual weight up to 440 pounds. The platform measures 14-1/2 x 11 inches and is textured to indicate foot placement. It speaks in English or Spanish in a female voice and operates on 4-AA batteries (included). Voice can be turned off.

HM400

\$70.00

Autodrop Eyedrop Guide

The Eye Drop Guide holds the eye open so a drop can be placed in. The guide provides easy control, so less medication will be wasted.

HM601

\$6.95

Talking Blood Glucose Monitor

The Prodigy Voice is a talking blood glucose monitoring system that provides accuracy with just a small sample of blood. Results are announced clearly and records can be stored with the date and time.

HM232

\$80.00

Talking Blood Pressure Meter

This talking blood pressure monitor gives the average of three consecutive readings. The monitor has a 90 reading memory recall, irregular heartbeat detection, time and date stamping, and a pressure rating indicator. Verbal readings are available in English, Spanish, or French. An AC adapter, carrying case and batteries are included. The cuff is 9 to 14.6 inches.

HM272

\$115.00

Products in the Health section cannot be returned.

Talking Clinical Thermometer

This talking thermometer works for oral or underarm use and responds quickly to your body temperature. Accuracy is within 0.2 degrees Fahrenheit or 0.1 degrees Celsius. It has six language settings. Battery powered (battery included).

HM246 **\$12.00**

Talking Pedometer

A little exercise every day can help you stay healthy. This talking pedometer measures and announces steps, calories, distance, and total activity time. It also can announce the current time and has a seven-day memory. The pause function allows you to stop and resume measurement as needed.

HM500 **\$15.00**

Yoga Mat and DVDs

Want a way to get mentally calm and physically active? Anyone can use the yoga mat for the visually impaired. It features raised and depressed stations strategically placed to help yoga students feel where their hands, feet, and head should be placed. Mat is 1/4 inch thick, 68 inches long and 24 inches wide. Two instructional DVDs and a carrying strap are included.

RY100 **\$75.00**

10X Lighted LED Mirror

This mirror provides crisp bright LED light and 10x power magnification to help you see yourself and get ready. The mirror pivots so you can adjust the angle, and the backside is a mirror with no magnification. Battery powered with 4-AA batteries (included).

MX960 **\$65.00**

Oven Mitts

These 17-inch long oven mitts cover most of your arms, running less risk of burning yourself in the kitchen. These oven mitts are flame retardant and can withstand temperatures up to 400 degrees F.

HK170

\$4.50

Super Oven Gloves

Eliminate the fear of getting burned when removing pans from the oven or lifting hot lids off of simmering pots. These heat resistant gloves will withstand heat up to 480 degrees F. They are offered as a pair and they are one size fits all.

HK180

\$14.00

Talking Digital Cooking Thermometer

Ensure your meat is properly cooked with this talking food probe style thermometer. The temperature is read on demand, in 0.1 Fahrenheit increments. The thermometer cannot be left in the oven. This model uses one button battery (included).

HK600

\$30.00

Finger Guard

Protect your fingers while using a sharp knife for cutting with this DigiGuard finger protector. To use it, just slide it over your first and third fingers. It can be used by either right- or left-handed people.

HK1010

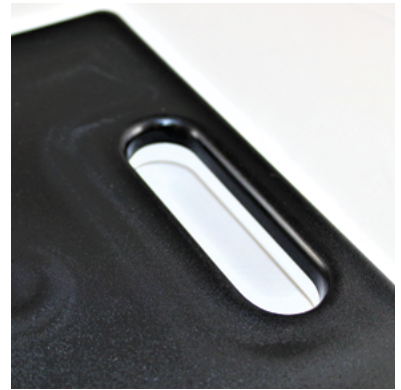

\$7.50

High Contrast Cutting Board

This cutting board measures 15-3/4 x 10 inches. It is white on one side and black on the other allowing you to find the best contrast for your cutting needs. For example you can place carrots on the white side and onions on the black side.

HK450 **\$20.00**

Measuring Cups (Black or White)

This set of four white or black measuring cups has high contrast measurement markings for easy identification. Markings on the handle are color coded to help identify the volume. Standard measuring cups sizes in quarter, third, half and one cup.

HK432 (Black Cups) **\$7.50**

HK433 (White Cups) **\$7.50**

Measuring Spoons (Black or White)

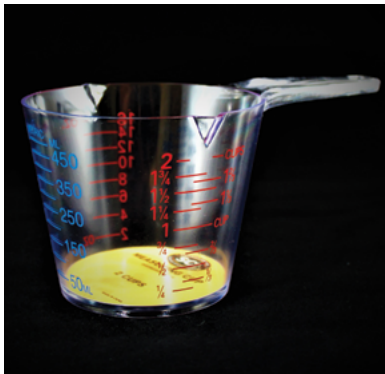

Set of six black or white measuring spoons with orange markings. The high contrast measuring spoons set includes 1/8, 1/4, 1/2 and 1 teaspoon, and 1/2 and 1 tablespoon. Molded lettering won't wear off over time.

HK412 (Black Spoons) **\$4.00**

HK413 (White Spoons) **\$4.00**

“I had a very difficult time as a student because I could not read the whiteboard and PowerPoint presentations. Wisconsin Council of the Blind and Visually Impaired helped me by providing assistive devices suitable to my visual impairment. My only regret is that I didn’t seek help sooner.”
— Evangeline S.

EZ See and Hold Measuring Cup

This large print measuring cup is made of durable clear plastic with a two-cup capacity. It features 1/4-inch high numbers; ounces and cups are stenciled in red and milliliters are stenciled in blue. Spouts cut in on two sides make for neat and easy pouring. The handle is 3-1/2 inches long.

HK434

\$7.50

Double Spatula Turner

This nylon coated double spatula makes gripping and flipping your food a breeze. Just slip one side under your hamburger, squeeze down with the other, and flip. Cooking is easier and less messy, leaving you more time to socialize with guests.

HK305

\$12.00

Liquid Level Indicator

A sturdy design easily determines when a container of liquid is filled to within approximately one inch of the top. Hang this popular unit over the lip of a container. When liquid reaches height, a buzzer will sound and unit will vibrate.

HK500

\$12.00

Vision Rehabilitation Services

A vision rehabilitation therapist provides home, work or school site visits and asks questions to determine the impact of vision loss on daily activities. Potential solutions are recommended and instructions are provided in using compensatory skills and assistive devices, new approaches to common tasks and creating a safe environment. To schedule an appointment, call **1-800-783-5213** or email **info@WCBlind.org**.

Bold Writer Pen

This pen writes lines in dark black that are 1 millimeter wide. The ink does not bleed through the paper and dries quickly after you write.

WG728

\$1.50

Signature Guide

This signature guide is made of durable plastic and is sized to fit a standard signature area. It measures 3-3/8 by 2-1/8 inches.

WG616

\$1.00

Portable Lap Desk

The lap desk is a flat surface with a wedge-shaped bean bag cushion on the bottom. The small foam beads allow it to conform to any lap and adjusts from flat to a 20 degree angle. Can easily hold papers or folders so you can use a magnifier at the same time.

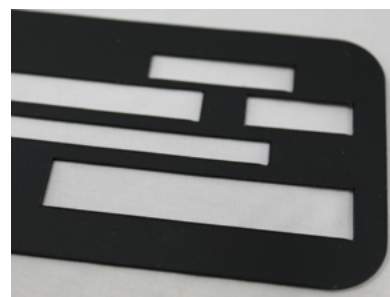

BK150

\$30.00

Check Writing Guide

This plastic stencil fits standard sized checks to help individuals who are blind or visually impaired fill out their checks and stay within the lines. A handy tool that will fit in your checkbook.

WG415

\$2.00

Bold Lined Paper

This is a pad with 11/16" tall bold lines across and no vertical margins. It is 8.5-by-11 inches. Pad comes with 100 sheets and is extra-wide ruled.

WP140 (Yellow)

\$7.00

WP120 (White)

\$5.00

Portable LED Flip It Light

A small size but very bright light that can be placed wherever you need extra light — closet, under cabinet, etc. Shaped like a traditional light switch. Easy to attach to most surfaces. 3-AAA batteries included.

LA220

\$5.00

Bluemax Desk Lamp

The Bluemax Desk Lamp comes with a flexible arm and emits between 10,000 lux at 18 inches and 5,000 lux at 28 inches. It is dimmable from 100% to 20% and features the highest CRI of 96+. It produces 4,300 lumens, equal to a 300 watt halogen bulb. The base is 8-3/4 x 7 x 2 inches.

LT150

\$159.00

MOKO LED Lamp — Rechargeable

The MOKO LED lamp is touch-sensitive and dimmable. It features a tilting arm with 90-degree flexibility and a 180 degree vertical adjustable lamp head. It can last for 3.5 hours at its strongest light or 6 hours at its weakest light with a full charge. The base has a non-slip material on the bottom. It comes with a charging cord and adapter.

LA140

\$35.00

Color Changing Smart Lamp

This touch lamp can be adjusted for daylight, warm, or cool lighting modes. Brightness can be changed, and the swiveling top and base of the lamp make it easy to move the light right to where you need it most. Must be plugged in during use.

LA142

\$75.00

Full Spectrum Task Lamp

This task lamp from Full Spectrum features a 13-watt bulb and delivers a precise balance of contrast and brightness. Stands 10.5 inches; extends out 9.25 inches.

LT145 **\$45.00**

Bluemax Floor Lamp 42 Watt

The Bluemax Floor Lamp stands 53 inches tall and features a flexible arm. The lamp is dimmable from 100% to 20% and is as bright as a 200 watt halogen bulb. It offers a flicker-free electronic ballast system and stands at 53 inches tall. There is a lifetime warranty for this lamp.

LF145 **\$129.00**

Flexi-Vision Floor Lamp

The Flexi-Vision floor lamp stands at 55 inches and features a multi-swivel system, flexible arm, and can be raised or lowered while sitting. It uses up to a 20-watt LED or fluorescent bulb. Bulb not included.

LF200 **\$145.00**

Low Vision Evaluation

A functional low vision evaluation helps adults understand and maximize existing vision by showing them how to use remaining vision more effectively and efficiently. The low vision evaluation tests vision function, contrast, color and lighting. Optical and non-optical aids may be recommended along with lighting, contrast and positioning to make visual tasks easier to accomplish. Recommendations can be applied to home, work or school environments.

Each appointment includes an initial evaluation of up to 1.5 hours. An optional 30-minute follow-up visit may be scheduled. To schedule an appointment, call **1-800-783-5213** or email **info@WCBlind.org**.

Magnification

MaxTV Glasses 2.1X Long Distance Magnifier

The glasses will focus on objects from distances of 3 m [10 feet] to infinity, and are perfect for watching TV, sporting events, movies, theatre, bird watching, or any other distance viewing activity in which a magnified image would be helpful. The focus on these binoculars is quick and easy to adjust.

MB250

\$120.00

MaxDetail Glasses 2X Short Distance Magnifier

These hands-free, head-mounted glasses provide 2x magnification and can be adjusted so that each eye lens can be focused separately, making the system adaptable to most people. The glasses will focus on near objects with working distances of 16 inches and are perfect for any near viewing activity where a magnified image is helpful.

MB300

\$120.00

3X, 5X or 7X COIL Auto Touch Magnifier

The COIL AT Max magnifier provides a larger field of view than most similarly powered magnifiers. Hold the blue area on the handle to activate the light and it will turn off once you have released it from your grip.

MLP800 (3X) Rectangular Lens

\$60.00

MLP805 (5X) Round Lens

\$60.00

MLP807 (7X) Round Lens

\$60.00

“Very helpful staff and a reputable place to get high quality low vision aids. Wish I had known about this place sooner. Tried to buy magnifiers elsewhere that didn’t work.”

— Penny B.

5X Eschenbach Mobilux

The 5X Eschenbach Mobilux features an LED light that lasts five times longer than incandescent bulbs. To soften the color of the light, small filters are included with each magnifier. They can be snapped on over the LED bulbs to provide three different illumination options. Requires 2-AA batteries which are included. Strengths available: 3.5X, 4X, 5X, 6X, 7X, 10X and 12.5X.

MLP715 (5X)

\$120.00

Pocket Magnifier

The hand-held illuminated magnifiers come with a classic cool white frame and a 5 millimeter "brilliant" multi-chip LED bulb. It features an aspheric lens.

MLO302 (2.5X) Round Lens

(4X, 5X, 6X, 7X, 10X, 12X, 14X)**

\$55.00

SmartLux Digital

The SmartLux Digital is a portable video magnifier that has a five-inch display which provides 5X, 7X, 9X, or 12X magnification. There are five viewing modes: full color, black on white, white on black, black on yellow, or yellow on black. There are four tactile buttons for power, magnification, contrast and picture modes.

PCCTV1

\$495.00

Magnification

VisoLux Digital HD

The Visolux Digital HD has a seven-inch screen and allows the user to scroll through magnification levels from 2X to 22X. Over 12 text/background color combinations. Scrolls text side to side. Other customizable settings. The built-in HDMI port allows the user to transmit images directly to their TV.

PCCTV9

\$695.00

Eschenbach VisoLux Digital XL FHD

The 12-inch touchscreen, camera and HDMI port make this CCTV versatile and functional. The device's unique Dynamic Line Scrolling feature allows the user to scroll both horizontally and vertically without having to move the device. Its FHD camera actually sees more than what is shown on the screen, making reading a book or magazine easier than ever. Images can be captured and stored on a removable 8 GB SD card and then transferred to a computer.

PCCTV12

\$1,495.00

HumanWare Explore 5

This handheld video magnifier has a five-inch screen. Provides 2X to 22X magnification, and 16 text/background color modes. Stores up to 2,000 images. It can be used in a standing position or as a magnifier with a handle.

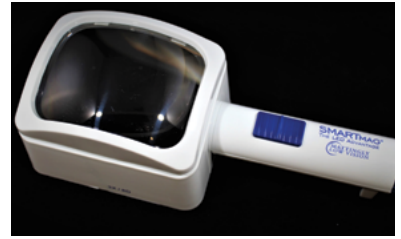

PCCTV11

\$595.00

LED Stand Magnifiers

The magnifier uses 3-AA batteries and features a durable reinforced contrast-blue switch. A soft cloth carrying pouch is included with all LED stand magnifiers. Large print picture instructions and warranty included in all magnifier boxes. Battery compartments have high contrast battery directional images.

MLO201 (3.5X) Rectangular Lens	\$75.00

MLO207 (7X) Round Lens	\$60.00
MLO210 (10X) Round Lens	\$60.00

Assistive Technology Services

An assistive technology specialist helps people with vision impairments reach goals at work, school or home by maximizing technology use. Following an assessment and exploration of technology products, one-on-one training sessions are available by appointment in the Council’s assistive technology classroom. Home or work site visits can be arranged to extend the training to everyday life. To schedule an appointment, call **1-800-783-5213** or email **info@WCBlind.org**.

Magnification

ClearView+ Speech

The ClearView+ Speech combines video magnification and accurate text-to-speech. It allows you to enlarge materials to a more comfortable size or change the high contrast viewing modes with one master dial. To activate the speech feature, just simply touch the screen and enjoy listening to articles, letters and books. Includes a 24-inch ultra-flexible arm and standard color camera.

CCTV04

\$3,695.00

Acrobat HD ultra

The Acrobat HD ultra allows you to experience vivid colors and contrast giving you a beautiful crystal clear picture and vibrant display. It's our most flexible solution for reading, writing or viewing magnified images at any distance. Use it up close like a mirror for applying make-up or other personal grooming. Comes with 24-inch monitor.

CCTV05

\$2,895.00

Topaz HD

The Topaz HD video magnifier is the perfect choice for reading and performing daily tasks, with a wide magnification range, gliding XY reading table and lots of workspace under the camera. Large colorful buttons are placed on the bottom of the 20-inch monitor.

Sunglasses

NoIR Custom Sunglasses

Customize your sunglasses to find the perfect frame and lenses for you. Once you choose your custom frame and filter color, we will order them from NoIR. Delivery could take several weeks. Visit the store in-person to place your order.

XXNOIR **\$Varies**

Solar Shields

FitOver lightweight polycarbonate sunglasses offer 100 percent UV protection. These glasses are comfortable, fit over your glasses and have a fashionable frame design.

SE500 (Smoke) **\$15.00**

SE600 (Yellow) **\$15.00**

SE700 (Amber) **\$15.00**

Solar Comfort

The Solar3 glasses are ideal for contact lens wearers, younger people and hip older adults. These are meant to be worn as 'wear-alones', as opposed to fitting over a patient's standard eyewear.

SE100 (Yellow) **\$33.50**

SE200 (Orange) **\$33.50**

SE300 (Amber) **\$33.50**

SE400 (Gray) **\$33.50**

Sunglasses

Return Policy

Products purchased from the store must be returned within 30 days from the date of purchase or shipment. Item, manufacturer packaging, as well as any instructions, warranty paperwork or accessories must be returned in new condition. If the product is found to be defective, a refund or a replacement will be issued at the discretion of the Store Manager if request is received within 30 days. If the return item is to be shipped, the Store Manager must be contacted prior to shipping for a return authorization and shipping instructions. WCBVI reserves the right to not issue a credit or refund if product returned is found to be abused and not in resalable condition. Special orders, videos, books, computer products, medical, or diagnostic aids are not returnable.

Used Items

A variety of used CCTVs are available at the Sharper Vision Store. To try a CCTV, visit the store in-person.

There are also used items for sale at **WCBlind.org/store**. These items are sold by private individuals around the state, and all negotiations are between the buyer and seller.
